Report on
Extension Activities
“Not Me But You”

Year 2017-2022

The college encourages students to actively participate in extension activities, primarily focusing on social awareness and holistic development. The college has constituted the NSS monitoring committee for the organization of extension activities stated by the affiliating university. The college focused on the following extension activities through which the holistic development of the students is observed.

1. History:

After independence, Jawaharlal Nehru directed the Ministry of Education to formulate a suitable scheme for introducing national service into academic institutions.

2. Launch of NSS: On 24 September 1969 launched the NSS in all states and universities in the country.

3. Symbol of NSS: The symbol for the NSS is based on the giant Rath Wheel of the world-famous Konark Sun Temple in Odisha, India. It stands for continuity and change and implies the continuous striving of NSS.

4. Aim: The program aims to instill social welfare in students and provide service to society without bias NSS volunteer's work to ensure that needy people get help to enhance their standard of living and lead a life of dignity. It also provides help in natural and artificial disasters by providing food, clothing, and first aid to disaster victims.

5. Objectives of NSS:

1. To understand the community in which they work
2. To identify the needs and problems of the community and involve them in the problem-solving process.
3. To develop among themselves a sense of social and civic responsibilities.
4. To utilize their knowledge in finding practical solutions to individual and community problems
5. To develop competence required for group-living and sharing of responsibilities
6. To gain skills in mobilizing community participation
7. To acquire leadership qualities and a democratic attitude
8. To develop the capacity to meet emergencies and natural disasters and
9. To practice national integration and social harmony.

5. Activities: The NSS has two activities:

- Regular Activities
- Annual Special camps.

The NSS Volunteers who have served NSS for at least two years are entitled to a certificate from the university. The Annual camp is held every year, funded by the government, and is usually located in rural villages.

The NSS Volunteers performed under activities in the annual camp.

Cleaning drives, Stage shows, or a procession creating awareness of such issues as social problems, education, and cleanliness, awareness rallies, and Inviting doctors to health camps. There are no predefined or pre-assigned tasks; it is left up to the volunteers to provide service in any feasible way.

6. Other initiatives: The NSS volunteers are involved in regular blood donation, traffic control, and other programs developed for national welfare.

7. Regular Activities: The NSS unit conducts the following activities regularly to create awareness among ordinary people.

- Clean vicinity Drive.
- Tree Plantation.
- Voters Awareness and Voter Registration Program.
- AIDS Awareness, Blood Donation.
- Financial Literacy/Cashless transaction Awareness.
- Consumers Awareness Program.
- Road Safety drive.
- Historical Places Cleaning.
- School Dropped Children Survey.
- Women foeticide.
- Disaster Management of investigation.
- Water Conservation and watershed Management, and Scientific Awareness

8. Observance of National and International Days and Weeks:

1. National Youth Day,
2. Republic Day,
3. International Women Day,
4. World Health Day,
5. Anti-Terrorism Day,
6. World Nontobacco Day,
7. World Environment Day,
8. World Population Day,
9. International Yoga Day,
10. Independence Day,
11. Sadhbavana Day,
12. International Literacy Day,
13. University Foundation Day,
14. International Peace Day,

15. Scientific Miracle Day,
16. NSS Day,
17. National Blood Donation Day,
18. International Literacy Day
19. World Human Rights.

9. Weeks:

- National Youth Week
- Van Mahotsava week
- Quami EktaWeek.
- Communal Harmony Week

The NSS unit of the college has been continuously contributing since its inception with the primary aim of providing opportunities for the students to involve themselves in social activities and ultimately develop their personality.

The successful functioning of the NSS unit at the college level gives impetus for proper implementation extension and outreach activities. The college has introduced the NSS unit for the personality development of the NSS volunteers through community services.

The central Government gives Indira Gandhi Award intending to recognize and reward outstanding contributions towards voluntary community service made by the NSS Units, Program Officers, and NSS Volunteers to promote NSS further. The Government of Maharashtra gives State Level Awards for the same objective and the affiliating university gives university level, district level awards, local self-Governments and NGOs, give awards to the NSS volunteers, program officer and the college to recognize outstanding contributions towards community services rendered by the NSS unit.

The Performance of the NSS Unit is evaluated based on objective criteria, including their achievements in plantation of saplings, blood donation, organization of health, eye, immunization camps, organization of awareness programs, rallies, campaigns on various issues, creation of durable assets through shramadaan and other outstanding achievements. The achievements during the last three years are considered for the awards. The Performance of the NSS Volunteer is evaluated based on objective criteria stated above, and achievements are considered for the 2-year volunteer ship period. The selection is made through a multi-stage objective selection process, starting with the college level and going up to the National level. The college has received awards, trophies, and an Appreciation Letter from the Government of Maharashtra, University, Village Panchayat, and NGOs during the assessment period for the extension and outreach activities performed by the NSS unit.

The NSS unit has considered the following objectives while arranging the extension and outreach activities

1. To understand the community in which they work
2. To identify the needs and problems of the community and involve them in the problem-solving process.
3. To develop among themselves a sense of social and civic responsibilities.
4. To utilize their knowledge in finding practical solutions to individual and community problems
5. To develop competence required for group-living and sharing of responsibilities
6. To gain skills in mobilizing community participation
7. To acquire leadership qualities and a democratic attitude
8. To develop the capacity to meet emergencies and natural disasters and
9. To practice national integration and social harmony.

Report on Clean Vicinity Drive:

On 2nd October 2014, Swacchh Bharat Mission was launched throughout the length & breadth of the country as a national movement. The campaign aims to achieve the Vision Clean India by 2nd October 2019. The Swacchh Bharat Abhiyan was the most significant cleanliness campaign by the government of India.

Department of Computer Science has organized cleanliness drive under “Swachh Bharat Swasth Bharat” Abhiyan Programme on the occasion of Gandhi Jayanti 2nd October 2019. The main purpose of the programme was to create awareness among the students regarding cleanliness & its benefits. Under this program all students from the Department of Computer Science Participated in it, and the college premises & surrounding areas were cleaned by the Students.

Benefits of swacchh Bharat mission:

Boosting Tourism, Health improvement, Technology upgradation, Improves Productivity.

Report on Tree Plantation Program

Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought control flood related disasters, prevent soil erosion, improve physiological, mental and spiritual health and also reduce carbon footprints. Keeping this in mind the campaign for the One-Student One-Tree program me was initiated by the NSS Unit of Swami Vivekanand Mahavidyalaya Udgir in accordance with 75th Azadi ka Amrit Mahautsav.

The following activities have been undertaken so far to promote this campaign:

A "Tree Plantation Drive was organized on 01st January 2021 by NSS Unit Supported the tree sapling plantation drive and motivated the students to take care of the saplings so that they grow into healthy trees.

Students of Swami Vivekanand Mahavidyalaya have distributed free saplings which were planted in the open ground near the auditorium within the premises of the college. These students were motivated and advised to take care of the saplings planted by them. The students also took the oath:

"I will plant a tree sapling and take care of the sapling such that it grows into a tree"

The students were encouraged to plant tree saplings. All students took oath for planting tree saplings during their respective counseling sessions.

We hope that such activities shall sensitize and encourage the students to "Love the trees and encourage them.

Report On Voter Registration & Awareness Program

Objective: The main objectives of this awareness programme were to increase voter's registration and voting to make the democracy more powerful.

Swami Vivekanand Mahavidyalaya Udgir & District Magistrate office jointly organized Voting awareness program on 12th December 2022 in between 02.00 pm to 5.00 pm. Tahishildar Udgir Mr. Rameshvar Gore & Deputy Tahishildar Mr. Gatte guided the students & explained the importance of voting and election to the students of the Institute, Respective , on how youth generation plays an important role in today's era for voting.

The main objectives of this awareness programme were to increase voter's registration and voting to make the democracy more powerful. Students from the Swami Vivekanand Mahavidyalaya and other Members of Teaching and Non-teaching staff were participated in this program & 53 Voters were registered in this program.

Mr. Rameshvar Gore Tahishildar of Udgir While Guiding the Students.

Voters Awareness Campaign by Staff & NSS Volunteers.

AIDS Awareness Program

World AIDS Day is a day dedicated to commemorate those who have passed away and to raise awareness about AIDS and the global spread of the HIV virus. World AIDS Day, designated on 1st December every year, is an international day dedicated to creating awareness of the AIDS pandemic caused by the spread of HIV infection and mourning those who have died of the disease.

National Service Scheme (NSS), Swami Vivekanand Mahavidyalaya organizes every year "World AIDS Day Awareness Programme" on 1st December.

On this occasion Mrs. Jyoti Swami, Principal of Swami Vivekanand Nursing College, Udgir delivered a speech about the AIDS Awareness and prevention measures & created awareness among the students. All the Faculty members and students of various departments have taken an Oath to create awareness about HIV.

Dr. Sudhir Jagtap presided over the function.

The NSS Programme Officers Mr. Amar Tandale coordinated the programme.

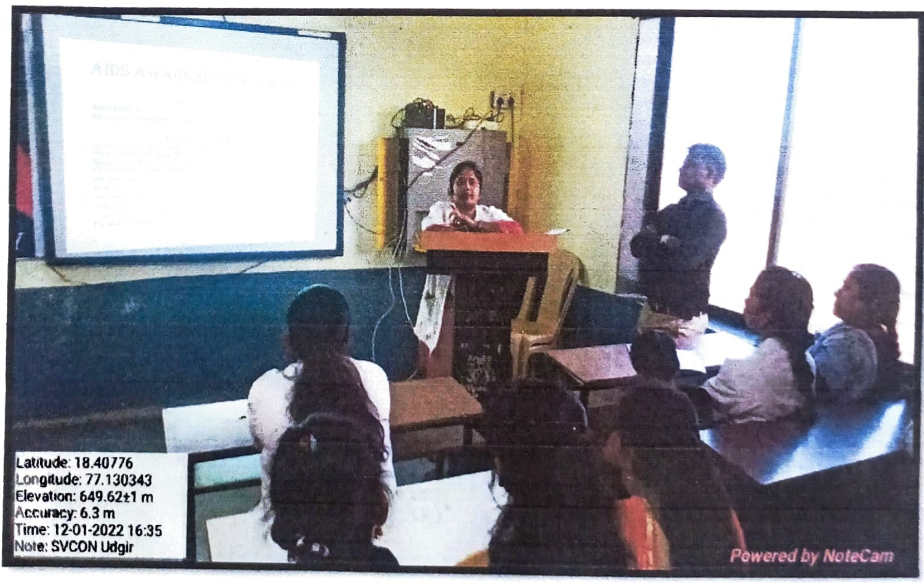

Ms. Jyoti Swami while guiding the students regarding AIDS awareness.

Dr. Dange. A.G. While addressing the Students regarding AIDS Awareness.

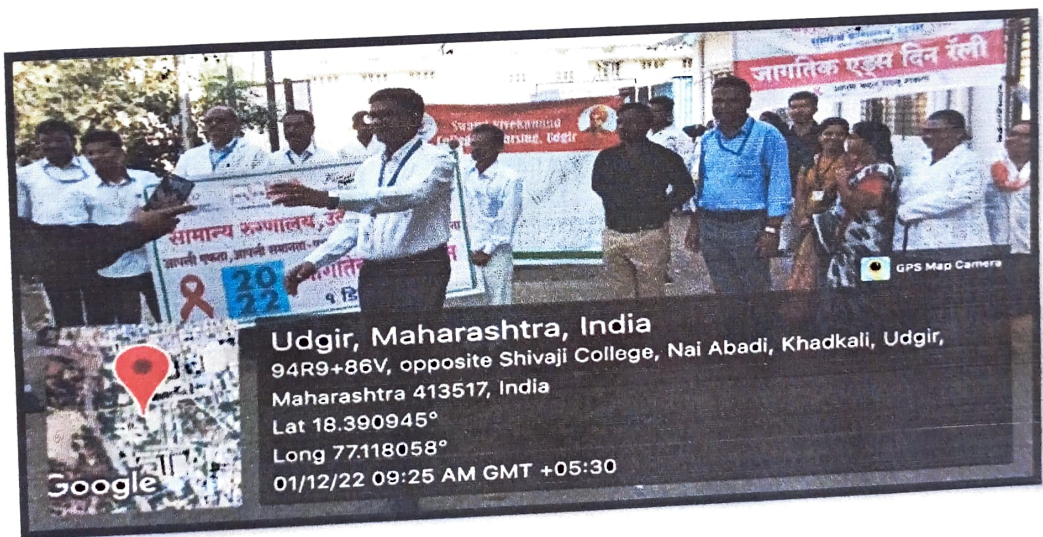

Dr. Priyanka While Guiding the Students Regarding AIDS Awareness.

Dr. Tare While Guiding the Students Regarding AIDS Awareness.

Blood Donation

NSS unit, Swami Vivekanand Mahavidyalaya Udgir Organizes blood donation camp every year on the occasion of foundation day of the college.

The college inculcates national values and motivates the students toward national patriotism. The college observes these events with processions, speeches, music, youth conventions, seminars, presentations, competitions in essay writing, recitations, and sports. These are the source of inspiration and have motivated college students.

National Voluntary Blood Donation Day is getting celebrated in India on 7th Feb every year to share the need and importance of the blood in the life of an individual.

Objectives:

- To make aware the people all over the country about the importance of the voluntary blood donation.
- To successfully achieve the target of Voluntary Blood Donation to fulfill the urgent need of the needy patients.
- To store the blood in stock in blood banks for any urgent and serious requirement.
- To promote and emphasize the self-esteem of blood donors through a lot of thanks.
- To motivate and encourage people who are not interested in donating blood even being a healthy person.
- To stimulate people to donate blood voluntarily who are interested in donating blood only to their relatives or friends.

Financial Literacy:

Financial education is very essential to a successful life be it a personal or professional. The earning of money and its management are very vital in every one's life. The financial literacy helps the students to deal with the money in the best way and also helps them to make critical financial decisions of their own money. This is one of the life skills to the students which help them to be the money masters and never allow them to become debtors.

The objective of the program is to impart the money management skill among the students and never let them overburden of debt in their life. Hence to impart the knowledge about financial management the Program was organized by the department of computer Science on the topic 'Financial Education' on 12-07-2016 and the resource person for this programme was Dr. Murthy Trainer a financial adviser, SBI Bank Udgir

There were around 95 students from the B.Sc. Computer Science program participated and benefited from the Program and the learning outcomes of the workshop were how to manage their personal finances, how to make portfolio investments to avoid financial losses due to various macro and micro environmental factors and market structure, importance of savings, knowledge about trading and equities, bonds, debentures and other instruments.

Covid-19

Report on: Covid -19

From: 01-05-2020 to 31-12-21

Venue: SVM

No. of Participants: 60

During the onset of COVID-19, there was a fiasco among the people about the gravity and nature of the virus and during this period there was acute shortage of face mask. Public were unaware about the availability on how to use the face mask. Our NSS volunteers took the leap and started sharing the process of making face mask in home.

These volunteers started preparing handmade face mask in their home, their institutions and distributed these among the community members. NSS volunteers at the initial phase distributed about 100 face mask among the public and the community in rural area. Food and basic amenities, distribution of mask & sanitizer to public. They distributed more than 200 masks and sanitizers to the poor people. Swami Vivekanand Mahavidyalaya helps the NSS Volunteers by preparing 100 bedded Isolation ward at SVM Campus. NSS volunteers were involved in shifts for setting up of the ward and management in close association with the Chandrai Hospital of SVM Campus.

Consumer Awareness Program:

Consumer Awareness is an act of making sure the buyer or consumer is aware of the information about products, goods, services, and consumers rights. Consumer awareness is important so that buyer can take the right decision and make the right choice. Consumers have the right to information, right to choose, right to safety.

The objective of the program is to make aware the Rights & Responsibilities of Consumers among the students & protect them from Exploitation Hence, to impart the knowledge about Consumers Protection Act the Program was organized by the NSS in association with department of computer Science on the topic 'Consumers Awareness Program' on 24-12-2018 and the resource person for this program was Mr. Sanjay Hatte, He Explained the Rights & Responsibilities of a Consumer. The buyer can take the right decision and make the right choice. Consumers have the right to information, right to choose, right to safety.

They should be aware of their rights under the Consumer Protection Act and should practice the same in case of need.

They should be well aware of the product they are buying & Should act as a cautious consumer while purchasing the product.

If in case a product is found false or not satisfactory, a complaint should be lodged.

The consumer should ask for a Cash Memo while making a purchase.

A customer should check for the standard marks that have been introduced for the authenticity of the quality of the product like ISI or Hallmark etc

Road Safety Drive

Report on: Road Safety

17th June 2022

Venue: SVM

No. of Participants: 50

Objective: To aware Students & Staff regarding Road Safety & Rules.

NSS unit of Swami Vivekanand Mahavidyalaya Udgir Organized and conducted a rally on road safety and road safety measures on 17th June 2022

The rally was conducted in and around the campus. This was conducted to create awareness among the students and public about the importance of road safety and road safety measures. This rally was conducted in response to the road accident due to rash driving and not following the road safety measures.

Road safety is a very important aspect in our lives. Roads take us to schools, colleges, hospitals, markets, offices – practically too almost all places connected with our day to day living. And at the end of the day, roads take us to our homes,” with this one should also take safety measures such as follow traffic rules, wear helmet etc. Safe driving is an essential component of road safety. Every day, so many lives are lost due to irresponsible driving.

The staff and students of the NSS unit of Swami Vivekanand Mahavidyalaya Udgir has actively participated in this rally by voicing towards road safety and holding the placards with slogans such as

“LIFE IS A BEAUTIFUL JOURNEY,
LET THAT JOURNEY NOT END ON ROAD
SPEED THRILLS, BUT KILLS
WEAR HELMET AND SAVE LIFE
SAFE DRIVE & SAVE LIFE
DRIVE SAFE- PARENTS ARE WAITING AT HOME”

Historical Places Cleaning:

The Government of India has started “Swachha Bharat Mission” campaign from 2nd October 2014 with the aim to clean the streets, roads and infrastructure of cities, smaller towns and rural areas. In addition, it is necessary to clean and conserve the forts which are the historical monuments and the cultural heritage of India and Indians. The restoration of forts is important for conservation of history and for tourism.

Keeping this noble motive in mind, the department of Life Science & Computer Science Together with NSS Unit decided to work for the dilapidated state of heritage fort in the Udgir city and help in conservation of the historical places. The NSS Students Association organized the Udaygiri Fort Cleanup Drive in Udgir on 21st January 2018. This fort was built in pre-Bahamani age, dating from the twelfth century CE. It is famous for the historic Battle of Udgir of 1760, in which the Marathas, led by Sadashivrao Bhau, defeated the Nizam, and after which the Treaty of Udgir was signed.

72 students participated in this drive and cleaned the fort. The plastic bags, glass bottles, used dishes were disposed with the help of Udgir Municipal Corporation of Udgir city and many people appreciated the efforts taken by the SVM students. Student representatives took

efforts to make this event successful. Prof. H.S. Suryawanshi, Prof. R.A. Daimi, Prof. A.J. Tandale, Mr. R.A.Daimi & Ms. S. S. Sonphule coordinated the campaign successfully.

NSS Volunteers while Cleaning the Udaygiri Fort.

School Dropout Children Survey:

A School Dropout Children Survey was organized on 5th oct 2019 in Nalgir village of Udgir city. The NSS units of Swami Vivekanand Mahavidyalaya Udgir conducted the survey, NSS Program officer Prof. Amar. J.T andale, address to the student regarding the objectives of survey & various government policies which are implemented for the education of school dropout children. A dropout is an “ever-enrolled person” who does not complete the last level of education for which he/she has enrolled and is currently not attending any educational institution. The Government's Right to Education Act and National Policy on Education may have been motivating to provide education to all but it is equally important to analyze the sustainability and efficiency of the education system. Dropout rates are considered to be a great wastage in the education system, not only so many students leave school without acquiring basic skills, but their premature departure represents a significant waste of scarce education resources.

It is recommended that the government conducts awareness camps in cities, towns, and villages to expose the hazards of illiteracy and unemployment. National Education Policy 2020 has mentioned two initiatives that will be undertaken to curb the problem. The first is to provide efficient and sufficient infrastructure to all students and the second is to set up alternative and innovative education centers for the children of migrant laborers. These are vital steps to ensure that children have access to safe and engaging school education as well as bring back the ones out of school. A dropout early warning system enables schools to identify students who are at risk of dropping out of school, and to focus on individuals who

struggle to perform well. Schools & colleges should practice innovative teaching methods to draw students towards education and spark interest in them. Digital learning strategies can be used to provide education in the confines of their homes, students can access free educational content through smart-phone applications or Youtube provided by different institutions.

Education enables a person to achieve a better job or means of self-employment, and climb out of intergenerational poverty. It cultivates cultural values and beliefs in the child. Once the awareness to send students regularly to the school continues, slow but sure results will follow.

AWARENESS RALLY ON FEMALE FOETICIDES

“SAVE GIRL CHILD ”

NSS unit has organized awareness rally on female foeticides at village Shekhpur near Udgir City on 10th March 2019. Various Slogans were given to people by depicting the various poster. About 116 NSS volunteers have been actively participated in rally on female foeticides.

NSS Programme officer Prof. Amar. J.Tandale addressed the students and told volunteers about what is meant by Women Foeticide? Its Causes & measures to Control Women Foeticide

Female Foeticide is a medical procedure where a female fetus is aborted in the womb of the pregnant woman after identifying the gender of the fetus through ultrasound. This act is illegal in India.

Measures to Control

A lot of measures have been taken to fight against this illegal practice.

- The government of India has initiated education and media advertisements to reach hospitals and clinics and medical professionals to Spread awareness.
- The Indian Medical Association has shouldered efforts to prevent prenatal sex determination by promoting “Beti Bachao” during its meeting and conferences.
- The campaign of Beti-Bachao is initiated by Prime Minister Narendra Modi to raise awareness of the gender disparities created and resulting from sex-selective abortion.
- Some policies initiated by many states in India attempt to address the assumed economic disadvantage of girls by offering aids to girl and their parents.
- The dowry system, one of the main causes of Female Foeticide, should be abolished from society.
- Some policies provide scholarships and cash credits only to girls.
- Medical licenses must be terminated with immediate effect for the practitioners who are conducting Female Foeticide.
- The families who are forcing this act on their daughters-in-law should be penalized.
- Young women and girls should be empowered to stand for their rights. They should be self-reliant and become capable of making their decisions.

Conclusion

Through a lot of awareness, consideration, and understanding, we can bring a shift in our beliefs and perceptions of society to give equal status to the girl child. Besides, there is no past, present, or future without a woman and female infanticide or Female Foeticide should be considered as suicide. If we do not make a change and secure the future of these girls now, then the consequences would be dangerous and there would be no coming back from that curse. So, a little change in our mindset and attitude is all that is required to welcome daughters in our hearts and this world. Students share their views on this occasion. As an outcome of this activity all of them got awareness on Women Foeticide.

Awareness Programme on Disaster Management of Investigation **Organized By NSS**

An awareness Programme on "Disaster Management" was organised on 30th September every year in College Premises. The NSS units of SVM College conducted the programme. On this occasion of the programme, NSS Program officer Prof. Amar.J.Tandale, said that the Disaster Management is the organization and management of resources and responsibilities for dealing with all humanitarian aspects of emergencies, in particular preparedness, response and recovery in order to lessen the impact of disasters. The first groups of people to respond to a disaster are those living in the local community. They are the first to start rescue and relief operations. The Red Cross and Red Crescent National Societies therefore focus on community-based disaster preparedness, which assists communities to reduce their vulnerability to disasters and strengthen their capacities to resist them.

Dr. Sudhir. B. Jagtap addressed the Students on the Importance of Disaster Management. Disaster Management is very important in recent times. It is tackling the hazards that occur before, during and after the disaster. Disaster management is a similar act as consuming medicine for curing a disease. Disaster can also be in any form of epidemic diseases or industrial failures such as Bhopal gas tragedy or the disaster of Fukushima nuclear power plant, etc.

In the event of a disaster, proper preparations are essential for managing the situation. Proper mechanisms help to minimize the effect. Predicting the probability of some types of disasters can help in decreasing the vulnerability of the people.

Report On Water Conservation and Watershed Management

On the occasion of World Water Day on 22nd March 2020, Swami Vivekanand Mahavidyalaya in association with NSS Unit organized a Program on water conservation.

Many environmentalists participated in this program. The Program began at 10:00am.

Dr. D. S. Gond delivered a talk on the topic Water scarcity has become a big problem today; if it is not taken care of in time, it will become a threat in the future. Understanding the scarcity and importance of water, many people have started conserving water. And they also tell us that we can use water for many things, especially rainwater. Rainwater may be used

for toilets, washing clothes, cleaning floors, watering plants and vehicles, gave their valuable talks on tips on water conservation.

- Make sure to turn off the faucet while brushing your teeth or shaving.
- Don't leave the tap running while you wash the dishes.
- Use the shower in bursts rather than running it continuously.
- Don't forget to change the water in the toilet tank.
- Try to limit the amount of laundry you do at one time.
- How long you wash clothes varies depending on people, but a normal amount of time is between 30-45 seconds per item. So figure it out by adding up all the items you have on your laundry list and multiply that by 30-45 secs for every item.
- As our city grows, rainwater harvesting provides a good alternative to meet its growing water needs while maintaining biodiversity. For example, you can use grass-filled barrels to collect the rainwater as it falls, or you can use a flat cistern which is generally larger than a barrel and is equipped with a cover to prevent evaporation.
- A simple way to conserve water is to recycle whenever possible.

Also, they requested all the students present there not to waste much water and try to save every single drop of water. Simultaneously, some students also gave speeches on water conservation.

In the end, the principal thanked everyone for participating in this program.

Report on National Science Day :

National Science Day-2022 was celebrated on 28th February by the Life Science Department of SVM, in virtual mode. The day is observed to remember the invention of the "Raman Effect" by Indian Physicist Sir C V Raman for which he earned the Nobel Prize.

The National Science Day-2022 programmes were held as part of "Azadi Ka Amrit Mahotsav" celebrations.

The Priesident, SVSPM Dr. Sudhir .B. Jagtap in his message mentioned the importance of the National Science Day and congratulated the Department of life science for achieving higher academic excellence for each year.

Dr. D. S. Gond delivered a talk on the topic medical imaging, diagnostic and treatment techniques, high-performance computing, space exploration, art restoration to name a few "fight pandemics and catastrophes that are unknown like COVID-19 and some known and silent challenges like cancer".

Mr. H. S. Suryawanshi, gave a detailed description of the department and importance of National Science day celebrations.

On this occasion awards and certificates were given to the students for their research paper presentation, poster presentation, and essay writing competition.

निरोगी आरोग्य ही खरी संपत्ती : प्रा.डॉ.वैभव विरादार

उद्योग (प्रतिनिधी) आजच्या धावपट्टीच्या व धाकाधकीच्या जिवनात निरोगी आरोग्य राखणे महत्त्वाचे आहे. अयुर्वेदामधील साध्या उपचार पध्दतीचा वापर करून अनेक साथीच्या रोगावर मात करणे शक्य आहे. अयुर्वेदामधील अनेक उपाय आपण आजही आजोबांकडून एकले असतील आता आपल्याला त्यांची व्यवस्थित माहिती घेऊन उपचाराचात आणणे गरजेचे असल्याचे सांगून आजच्या काळात निरोगी आरोग्य हीच खरी संपत्ती असल्याने त्याकडे लक्ष द्यावे असा सद्दा धन्यवती आर्युर्वेदिक महाविद्यालयाचे प्रा.डॉ.वैभव विरादार यांनी दिला.

त यथील स्वामी विवेकानंद शिक्षण प्रसारक मंडळ संचालित स्वामी विवेकानंद महाविद्यालय व धन्यवती आर्युर्वेदिक महाविद्यालय यांच्या संयुक्त विद्यमान आजादीका अभूत महोत्सव संकल्पनेनुसार हमाया आयुष हमार स्वास्थ आणि सर्वांसाठी आरोग्य या उपक्रमांतर्गत व जागतिक आरोग्य दिनानिमित्त शाळेत व महाविद्यालयीन विद्यार्थ्यांमध्ये जागरूकता जागी यासाठी आयोजित व्याख्यानात प्रमुख मार्गदर्शक म्हणून खोलत होत. यावेळी मंचावर संस्थेचे शैक्षणिक संचालक संजय हट्टे, प्रा.राजेंद्र दायमी, प्रा.हनुमंत

सून्यवशा, प्रा.आर्मिफ दायमी, प्रा.केलस कावळे यांची प्रमुख उपस्थिती होती. पुढे डॉ.विरादार म्हणाले, चांगले आरोग्य राखण्यासाठी सर्वांनी कततुनुसार आपल्या आहागत बदल करावा व दररोज शक्य असले तेवढी व्यायाम करणे गरजेचे असल्याचे सांगितले. समारोधात प्राचार्य हट्टे यांनी, जिवनाचा पूर्णपूर आनंद घेण्यासाठी व काही मिळविण्यासाठी निरोगी आरोग्य खूप आवश्यक आहे. त्यासाठी आयुष्यात व्यायाम, योग व संतुलित आहार याला पयाय नाही असे सांगितले. कार्यक्रम महाविद्यालयातील विद्यार्थ्यांनी मोठ्या संख्येने उपस्थिती होती.
