## Report

On Friday, January 27<sup>th</sup> at 01:30 a.m., our Hon'ble Prime Minister, Narendra Modi interacted with students, teachers, and parents at the event called "Pariksha Pe Charcha" 2023. The Swami Vivekanand Mahavidyalaya, Udgir joined with live web casting of "Pariksha pe charcha" The program was telecasted in the Lecture hall 4, which was attended by our respected Principal Prof. Dr. Sudhir. B. Jagtap, Academic Director Dr. Umakant Patil, HOD's of various departments and faculties. All the Faculty, Students and Staff were assembled in the Lecture hall 4 for actively participation. The target audience for the event were mainly students. Prime Minister addressed the students all over the country to celebrate life with the power of education. He further added that technology plays an important role in individual's life and will be beneficial only when we use it effectively. Addressing further he talked about how students should face the challenge of exam as a festive season without any mental stress. During the session students raised their queries about various distractions and challenges they are facing during the examination. For which he replied that in life we must connect to inner strength and have confidence while preparing for the exams. He motivated them to be calm and face the exam with festive mood and must take few minutes for introspection every day.

While discussing about distraction he emphasised that social media and internet should not be considered as a distraction rather we should use it as a weapon for enlightening our knowledge. In the present era internet and social media can be used for gaining current knowledge and become more competitive. While interacting further Prime minister explained about National Educational Policy (NEP), where he elaborated that the policy is designed after the meticulous efforts of 6 years in which brainstorming survey and discussions with eminent experts from various field of science and technology. He further briefed that the major advantage of NEP is that it will lead to a holistic approach in the Indian Education system. It will encourage the students to learn the courses from the various multidisciplinary domains. Further Prime Minister insisted that the students should also take genuine interest in co-curricular activities for their overall development. He added that students should pursue their passion, hobbies with the guidance of parents and teachers. He emphasized that parents and teachers can play major role in identifying and promoting the student's talents and skills.

The quiz competition for the students was conducted to bring awareness about the various issues related to academic requirement of students. The students were divided into various teams and participated in the quiz. The students were also briefed about the various examination and career related issues as per the need and choice of programme and individual. Finally, after the question answer and discussion session the event was concluded. Students were enlightened by the Prime Minister's talk and got the information about National Education Policy and were enthralled that future generation is motivated. Later on, a high tea was arranged for the Faculty, students and Staff and concluded the programme with a constructive and progressive manner.
