The Report on Intellectual Property Rights & Patents Fillings

Venue: Conference Hall

Date of the Workshop: 15/09/2022

Timing of the Workshop: 10.00 am to 05:00 pm

Descriptive activities Report:

The college conducts a Workshop on Intellectual Property Rights every year and invites experts in the field. The Department of Life Science, Computer Science, and Library & Information Science jointly organized the IPR workshop for the year 2022.

70 participants, out of them 20 were the teachers from the different colleges of the vicinity, attended the Workshop.

Dr. Sudhir Jagtap, president Swami Vivekanand Shikshan Prasarak Mandal, Udgir District Latur, Maharashtra, inaugurated the IPR workshop and delivered a keynote address. Protection of IPR and its commercialization propagates innovative culture, profitability, market leadership and helps creation of wealth for the individual and eventually the Nation. For that IPR awareness is required which is significant for fruitful growth of the Intellectual property rights (IPRs).

Session 1:

After the short break, the first session started.

Dr. Umakant Patil, Academic Director SVSPM, discussed IPR-Tool to protect Inventions and Creations. He discussed different aspects of Intellectual Properties like what is Patents, Patent Rights, Trademarks, Industrial Design, and Geographical Indication, IC Layout (Semiconductor, Trade Secret, Copyright, and Protection of plant varieties, Farmers' Rights, and Researchers' Rights. Dr. Umakant Patil emphasized that IPR must be renewed from time to time to keep them enforced except in case of copyright and trade secrets. He gave ample examples and made his talk much more informative and exciting.

Session 2:

Dr. Gopal Pawar, principal SVCOE, Udgir, talked about Copyrights and Trademarks, a case study in the session.

He focused on various aspects of copyright and discussed topics like ‘What is copyright?’, ‘What do we mean by author or creator?’ The originality of Literary works, Judicial decisions (Copyright in judgments produced by courts vs. government), etc.

Session 3:

After the lunch break, Dr. D. S. Gond started the session and delivered his lecture on Patent filing procedures and Case Studies.

He explained basic concepts like patents and gave various examples of patents in Life Science and education.

Concluding Session:

Mr. Sanjay Hatte, Principal Jai Hind Public School proposed a vote of thanks, and the Workshop concluded IPR workshop ended at 5.00.Clock after the tea & Snacks break.

The Workshop provided valuable awareness and Insight into the various aspects of IPR to students, teachers, and Research Scholars.

The Report on Research Methodology

Venue: Conference Hall

Date of the Workshop: 12/12/2022

Timing of the Workshop: 10.00 am to 05:00 pm

Objective:

- To provide knowledge on Research Methodologies and design aspects.
- To provide hands on training on data analysis tools such as mean, mode, factor analysis and application of Statistical Packages for Social Science (SPSS)
- To get knowledge to the participants to how to write scientific manuscripts writings and review process.
- To provide a comprehensive review of sources and characteristics of constraints typically found in construction of research design;
- To review current trends and practices and researches in regards to constraint modelling.
- To understand Social and Human Elements of Information Security
- To discuss current issues, recent developments and their impact, and future challenges.

Descriptive activities Report:

The college conducts a Workshop on Research Methodology every year and invites experts in the field. The Department of Life Science, Computer Science, and Library & Information Science jointly organized the Research Methodology workshop for the year 2022.

70 participants, out of them 25 were the teachers from the different colleges of the vicinity, attended the Workshop.

Mr. H.S. Suryawanshi heartily welcomed all the guests, participants, faculty members and students for the workshop. Highlighted the overview of the workshop with core aims, objectives, design and areas. He has explained the design of the workshop to participants and assured them of a learning experience provided in this workshop through both theory and practical sessions surely equip the researchers to carry out successful research works and overcome potential challenges.

Session 1:

After the short break, the first session started.

Dr. Umakant Patil, Academic Director SVSPM, spoke about the importance of the research and stressed the need of the hour, and also he told survey research is very poor which things to included and excluded it is not thematic. In article writing abstract should be provided with 6 to 7 words before introduction.

Session 2:

Dr. S. L. Jadhav COE, Udgir, stressed the need for quality in research, the ill effects of plagiarism. The opportunities available for the researchers, new areas where the research needs to be done. Research is a function of thinking which, ever idea comes to the mind, seeing is a mechanical activity but observation is a concise sensing.

He explained that academic dishonesty is not a new phenomenon and there is no agreement on why plagiarism is so prevalent in the academic world. It is widely accepted as online plagiarism. Really much due to the easy availability of information. The exponential growth in scholarly publications makes it difficult for faculty and instructors to locate sources of plagiarism. Google is the most popular search engine today and an effective tool for detecting plagiarism on the Internet.

Session 3:

After the lunch break, Dr. D. S. Gond started the He gave a brief introduction about the features and various types of Intellectual Property like geographical indications, integrated circuits, Technical Know-how, Business secrets, Semiconductor Layout Design, Design, Plant variety, Traditional knowledge, Inventions, Trademarks, Patents, Copyrights, Technology. He explained about SDO meaning Standard Development Organizations. He also explained that Intellectual Property was an Intangible property.

Concluding Session:

The workshop concluded with vote of thanks by Ms. R. S. Shinde She extended her expression of gratitude to all the Participants & Chief Guest who contributed for the realization of the workshop.

Report on Seminar on Entrepreneurship and Innovation as Career Opportunity

Venue: Auditorium Hall

Date of the Seminar: 28/02/2023

Timing of the Seminar: 10.00 am to 05:00 pm

A one day Seminar was conducted by the Institute's Career Guidance & Placement Cell for the students, research scholars and faculty of the institute.

The Seminar started with an address by the, Prof. Dr. Sudhir .B.Jagtap President of the institute. Seminar Convener), Dr. Dhananjay. S. Gond explained the objectives of the Seminar and importance of Entrepreneurship in today's scenario to the attendees. He also enlightened the students about the role of innovation, emerging technologies, their potential benefits and benefits of the patent policy.

The Seminar was divided into 2 sessions. First session was a highly informative and interactive lecture by Mr. Ravindra Deshmukh. He explained about Intellectual Property Laws in India and abroad. He also detailed history of I P in India. Students were also made aware about trade mark, Copyright, Design, Patent and trade secrets. He also explained the importance of managing the IP portfolio by companies, entrepreneurs and Universities. He gave a very interactive presentation using case studies of fevi Kwik, Castrol, Apple Inc, Amul, Cadilla etc.

The second session of the Seminar was organized on the topic 'Solar energy and Entrepreneurship opportunities in India', and the speaker was Dr. D S .Gond. The speaker started the session on the note that Solar Energy can help in creating a sustainable tomorrow, checking Climate Change and if developed effectively them today's energy related problems can be solved efficiently as well. He expressed that there is a rising demand of operation and maintenance work, procurement and survey, production, selling and providing services related works of the various popular solar

products. Like - Solar Lamps, Solar Cooker, Street Lights, Pumping System, PVCs, Solar Battery, E-Rickshaw, Invertors and Roof Top Solar Panels. He exemplified the use of solar energy at large scale by specifically stating the Shirdi Sai Baba Mega Kitchen's case.

He also stressed that career field are specifically open for innovators and entrepreneurs who can help in creating useful solar products.. The session ended with a fruitful Q&A session.

The official vote of thanks was delivered by Dr. Sheeshnarayan. L. Jadhav, which concluded the event.

Outcome: On one hand participants were acquainted with the management and opportunities regarding the IP portfolio by companies, entrepreneurs and Universities and on the other they were exposed to solar products and services related entrepreneurship ideas. Wherein they also had a scope to not only work with the products already present in the market but also use their innovation to develop new ones.

The Report on Research Methodology

Venue: Conference Hall

Date of the Seminar: 15/03/2023

Timing of the Seminar: 10.00 am to 05:00 pm

Descriptive Report:

A one day Seminar on Research methodology was organized with the collaboration with the Swami Vivekanand College of Education on 15/03/2023, and a need was felt to initiate research in this area, hence this Seminar was organized in order to initiate the researchers to trail research in the field of Education. Inaugural session were conducted by Dr. Dhananjay. S. Gond- Vice Principal & Head, Department of Life Science Swami Vivekanand Mahavidyalaya Udgir.

The First session was conducted by Dr. Umakant. S. Patil Academic Director of Swami Vivekanand Mahavidyalaya Udgir. He skilfully threw light on types of research, types of research methods, various research paradigms. He also discussed about how to find a research topic. Qualitative research. He elaborated on the Ethnographic, Phenomenological and Socio-linguistic research. And focused on Qualitative and Quantitative research, Historical and descriptive research, classification of research, objectives of research, types of variables, and elements of proposal writing and general ethical principles of carrying out research.

In second session was conducted by Dr. Gopal pawar, Principal of Swami Vivekanad College of Education Udgir. He elaborated Components of research design, types of research designs and classification of research design were also covered. upon the purpose of data collection, kinds of data, techniques of data collection, tools of data collection, types of research questions, rating scales, and the qualitative and quantitative observation tools.

The Session was concluded with the vote of thanks given by Mr. Rahul Pundge.
